Chairman of the Day: RUSS SCHULZE

LAST WEEK

In the tradition of past president DAVE CALFEE, PRES. HANS gave us some trivia on the Revolutionary War and then gave us some advice regarding organizing ourselves but I can't seem to locate the notes. BOB MILLER gave the inspirational message and TOM BUTT introduced visiting Rotarians from the local area. Even though it was announced in the bulletin that Rotary Anns were invited there was a sparse turnout for this special slide show on China so we will go back to sending

announcements of special programs to the homes. PRES. HANS announced that the District 516 Mulege, Mexico project is in need of not only funds but medical personnel as well. If you can donate two or three weeks of your time, please contact HANS.

Finemaster Rotten RAY McCOY celebrated a few anniversaries with GERRY CULLEN, 50 for 40; FRANK CORTESE, 44 for 44; DAVE McCLUN, 30 for 30; MIKE WINTER, 24 for 24 and FRASER FELTER, 50 for a birthday and anniversary.

FRANK CORTESE gave us the details on last week's golf tournament at Orinda Country Club. Richmond didn't win any team prizes but MERV DAVIS will have his name put on our perpetual trophy for low gross of 86.

The raffle was won by LEM WASHINGTON and ELOF GRANBERG.

Chairman of the Day, RUSS SCHULZE, wearing a Chairman Mao cap, introduced our speaker and slide commentator, Pam Baker of Club Universe. Pam took us on a guided tour of mainland China from the Great Wall near Beijing to the Yangtze River. It was a great trip and the Chinese people appear very friendly and helpful.

MEETING BACK AT MIRA VISTA
ROTARY ANNS INVITED

Our speaker this week is Pam Baker and her subject will be "Chopsticking Thru China". Our speaker toured China extensively in 1982. She plans to show us slides of her tour to Beijing, Wuhan, Chungking, Chengtu, Shanghai and the Yangtze River.

She states that China is a fascinating country all the way from Tien-an-man Square in Beijing, through the gorges on the Yangtze River, to the Panda Bears in Szechuan Province. We'll see the Forbidden City, the Jade Budda, the Coolies, the making and spinning of silk, and the bread basket of China. The country is swarming with people and bicycles. Chinese banquets and diversity of food makes each meal a surprise and delight. The people are curious, inquisitive, and friendly; their children adorable and charming. Pam invites you to come for a taste of China and to learn a bit more about this proud and ancient people.

Pam (a luscious and energetic blond according to RUSS SCHULZE) works for Club Universe, a very large travel wholesaler on the West Coast. It is part of Thomson Holidays in the United Kingdom, the largest travel organization in the world.

familiar faces in the audience." (This caused a look about among the members of uneasiness.) Captain Johnson defined what Police Relations really mean. He emphasized it means "All contacts with all". He reviewed the social unrest in the Sixties and the problems with youth and senior citizens throughout the City. The Police Department has implemented a full-time program for Crime Prevention with improved community relations. We now do more listening than talking plus more "hand and hand" removing the "macho" look impression with a closer relation with the community. We visit schools and make personal contacts, which alleviate many personal domestic problems. Captain Johnson closed his presentation with a strong determination to resolve the many problems that have caused previous unrest. Richmond Rotary congratulated and thanked Captain Johnson for his informative talk on the operations of the Police Department...

Meeting closed with the drawing of the raffle. Winners of the medicinal beverages were: Past Governor DR. DORR H. ETZLER and Attorney DOUGLAS SWAGER.

It was announced that District 516 donated \$120,000 to Rotary Foundation last year and therefore is entitled to six graduate scholarships this year. One of these scholarships has been awarded to the grandson of the late Arnold Irwin who will be studying in Australia.

Recognitions were recognized by Big Bad BOB BOYD filling in for our new finemaster, Rotten RAY McCOY. KEVIN DOLAN offered \$34.00 for his birthday, RED DOHERTY a whopping \$100 for his and even though BUD MARTIN was thanked for donating all those Olympic Soccer tickets, he was still soaked \$20.00 for his birthday. stockpiled throughout the world and with only 6 small ones equaling all the fire-power of WWII we must declare war obsolete and consider a new way of thinking. Up to WWII we could strike at evil and destroy it. Now we must risk our own destruction.

The leaders and people of the world should make three promises to themselves:

- 1) I will resolve all conflicts.
- 2) I will not use violence.
- 3) I will not have enemies.

DAVE CALFEE and DAVE LARSON won canned hams in the raffle.

A MESSAGE FROM THE PRESIDENT

There is no obligation on the part of any member to pay a certain amount for recognitions (fines). There has been concern lately by some of the members that they would be required to pay large amounts for birthdays, anniversaries, publicity, etc. because of the generous donations of some of the members. Recognitions are voluntary and, in most cases, are pre-arranged by mutual agreement.

BOARD MEETING - A meeting of the Board of Directors will be held Thursday morning, August 16, 7:00 AM at Lucky Lanes in San Pablo. All officers and directors are urged to attend and members are invited.

Robert M. Romar will give us some advice on financial planning.
Chairman of the Day: BOB BROWN

Happy
New Year

LAST WEEK

We were all greeted at the door by a full sized Santa Claus in the person of JIM SCOTT whose vocabulary seemed to be limited to Ho! Ho! DARROL DAVIS, alluding to the profusion of foreign accents, gave us the English version of an inspirational message which contained a profusion of philosophy. DENNIS TRIPLITT became one of the regulars when he accepted a blue badge from director BOB BOYD. DENNIS then became one of the contributors when he was charged \$5.00 for it.

Recognition Administrator Big Bad BILL SHIELDS, in the spirit of "Peace on Earth, Goodwill Toward Men", fined Santa only \$10.00 for not having proper Rotary identification. HAL HOLT and KENT MURRAY were fined \$10.00 for introducing their female "bosses" at Chevron. BATH BATCHELDER paid \$25.00 for being "too darned old" and MIKE WINTER went 49 for 49. DAVE NINOMIYA decided to go MIKE one better at 50. For anniversaries, DEAN BARBIERI put up \$25.00 for only 4 years and JERRY OVERAA offered 38 for 19. JOE NUSBAUM, celebrating three decades plus one, came up with \$35.00 but wanted his box of candy now!

International Service Director TOM BUTT introduced Anne-Sophie Guillon, a Y.E.S. student from France now attending El Cerrito High School. Anne-Sophie told us a little about her home in the wine country of southern France and expressed her gratitude to Rotary for the opportunity to study here and meet new friends.

While we were waiting for the Vocal Ensemble to arrive, PRES. HANS offered this quotation by William Penn: "I expect to pass through life but once. If therefore there be any kindness I can show, or any good thing I can do to any fellow being, let me

WHO AM I? - Continuing our wait for the Ensemble to arrive, new member MIKE HARR told us about his beginnings in Richmond, his football scholarship at the University of Montana (well noted as a football powerhouse), his later session at Chico State (another powerhouse) and his first job at Richmond's Vanpac Carriers. After 12 years at Vanpac he spent another 12 years at Container Transport International with much time in the far east. In 1983 MIKE started his own business managing a fleet of containers. He lives in El Sobrante with his wife Lindsay and two children.

At long last Chairman TERRY CLARK welcomed the El Cerrito High School Vocal Jazz Ensemble under the direction of Richard Gray. These delightful young students entertained us with their own versions of several Christmas carols and ended their program with "Silent Night" done in sign language!

After their performance, PRES. HANS presented them with a donation from Richmond Rotary.

The raffle was won by DORR ETZLER and TOM BUTT.

PROGRAM FOR FRIDAY, DECEMBER 14, 1984

Our speaker this week will be Yaacov Sella, the Consul General of Israel.

School of Law. During this period he was a member of the Israel Students Organization in charge of foreign affairs and information and he served as Chairman of the Board of Directors of ISTA-Israeli Students Air Charters and Travelling Company.

He worked for S. Venezia & Sons Ltd. dealing in trade and import of equipment for agriculture and industry and is now Managing Director of Veneco Systems trading partnership and General Manager of Ra'ayon Investment Co. He has also been an executive member of the European organization of young Democrats and Conservatives (DEMYC), Deputy Mayor of Ramat-Hasharon and is now young leadership chairman of the "Herut" party.

Mr. Sella is married to Anat and has three children, Noah, Dor and Lihie.

Chairman of the Day: WERNER SCHWARZ

LAST WEEK

On this 43rd anniversary of the infamous attack on Pearl Harbor which put us into World War II, PRES. HANS made a plea for all people to find other ways to solve their differences so that we will not constantly be celebrating great battles and disasters in the future. He cited the Rotary Foundation as our way to relieve tension and further international understanding through the exchange of scholars and businesspeople studying in foreign countries and the bringing of relief to millions of people in underdeveloped countries through the Health, Hunger and Humanities program.

DAVE NINOMIYA gave the invocation and HANS MUELLER introduced visiting Rotarians and guests. DAVE ALMEIDA reminded us that time was running out to get tickets for the Christmas Party next Friday night (see separate announcement).

FRANK DOMINGO, who will soon be able to start attending meetings again, sent in \$100.00 to get the auction started.

Auctioneers FRAN WILSON and BOB MILLER did a bang up job disposing of donated gifts ranging from ivory earrings by OSCAR LUGO to 6½ lbs of blue cheese donated by BOB MORRIS. JERRY OVERAA purchased two huge stuffed dogs and one of our members is going to get in shape at BILL SHIELD's bodybuilding gym. Numerous bottles of booze brought more than their actual value and four people will be enjoying the East-West game courtesy of CARL REHFUSS.

The auctioneers were aided by HANK COVELL, DICK NELSON and JOHN NICOL in raising \$1,775 for the Rotary Foundation.

LAST WEEK

PRES HANS opened our meeting with the pledge to our NEW flag (Courtesy of Sen. Miller, via TIM OUTMAN). Invocation was by ERLE BROWN, who asked forgiveness for a small college band, guidance for a local Pro Football team (not in L.A.), and was thankful for the Semi-Sunny day. HANK KELMAN introduced visiting Rotarians including Scouts from Berkeley, a Vallejo Banker, and a Police Sergeant from San Pablo. Visitors included Bob Nicol (a relative?) Wes Scipi, and local restaurateur Walt Connelly.

HANK COVELL reminded us of the upcoming Rotary Foundation Auction, while encouraging the return of THE BOTTLE...

PRES HANS announced that we are ever so close to 3300%; help us over the hump, HMMM..

LAST WEEK (cont'd)

Next up was Chairman of the Day, JERRY OVERAA, who got a "PLUG" or two from our Speaker of the Day, Vice-President Nominee DON HARDISON. DON said that the Architect has an easy job; you just tell him what you want...if you even know yourself what that is. He discussed various trends and anomalies in Architecture, from his background in So-Cal Spanish Mediterranean, to his education at Cal Berkeley in the Classics, to the Frank Lloyd Wright "Chicago" style, to the AT&T "Chippendale". Although DON is our resident expert, he entered today's talk with trepidation after conferring briefly with RUSS SCHULZE (apparently RUSS has read some of the "Wright" books on the subject!). Pressing on regardless, DON walked us through the various schools of thought; the "California" style of Green & Green, the "Modern Traditionalism" of Bernard Maybeck, to Worstert's "Bay Area" style. He stated that although the WWII era did not produce a "style" (Quonset huts have style! Ed.), it did bring us new technology in the form of Structural Glass and Aluminum, Stainless Steel and Plastics, all of which were new tools for the trade. His first project using these new materials "was a lot of fun, but not much else", being the Commercial buildings on Macdonald between Tenth and Eleventh. Favorite local projects were his designs for the San Pablo then Richmond Wilson Funeral Homes, the Memorial

Youth Center, Zellerbach Auditorium, Pauly Ballroom, and the UC Student Center. In closing, DON reminded us to "Recognize the Old while Building the New"...

The Raffle saw RUDY LOEBLEIN and CHUCK WRIGHT take home the Gold, while the December Lunch went to "Jesus"!, masquerading as DAN READY.

PROGRAM FOR FRIDAY, DECEMBER 21, 1984

The El Cerrito High School Vocal Jazz Ensemble under the direction of Richard Gray will serenade us with traditional Christmas songs and many other selections. The ensemble, which sings at retirement and senior citizen centers every Christmas, was formed ten years ago by our own TERRY CLARK.

Director Richard Gray is an accomplished bass and piano player and writes many of the arrangements.

A Very Merry Christmas

LAST WEEK

PRES. HANS opened the meeting with the following remarks: "Welcome....Today is December 14, 1984, the beginning of the Halcyon days. Traditionally, the seven days before and after the winter solstice, the real reason for the religious holidays celebrated during this season by most religions. To the ancients this was a time when fabled birds calmed the wind and the waves - a time of calm and tranquility. Think of it when you run around doing your Christmas shopping and partying."

The invocation was given by AL SILVA and HOWARD MARTIN introduced visiting Rotarians and guests. JOE NUSBAUM announced a Sunday gathering at one of the churches for the victims of the famine in Ethiopia.

Recognition Administrator Big Bad BILL SHIELDS, emphasizing that this is the season of giving, relieved RUSS SCHULZE of \$100 for combined birthday and anniversary. We were forced to listen to a poem from RUSS for his 31st wedding anniversary to "a middle eastern maiden". MARKKU PELANNE made the front page of the West County Times in a feature story they did on the Seaman's Center so he didn't argue too much about a \$25.00 donation. With the Big Game fever well behind us, JOE NUSBAUM thought it was about time everyone who wasn't a Stanford or Cal grad stand up and announce their alma maters.

PRES. HANS gave us the following quotation before the talk on Israel: "In Israel in order to be a realist you must believe in miracles."

Chairman WERNER SCHWARZ introduced our speaker, Yaacor Sella, Consul General of Israel who greeted us with "Shalom" which

means "Peace" in Yiddish. Mr. Sella emphasized that Israel wants justice for all including their Arab neighbors and will continue the close relationship with the U.S.A. Israel is the only country in the Middle East that the U.S. can rely on and Israel feels that the U.S. should be the one to help define borders in that area. Because Israel is at the crossroads of three continents, they should remain as a stabilizing factor and attempt direct negotiation with Arab neighbors for agreements such as the treaty with Egypt.

Mr. Sella touched on the high inflation and economic problems but claimed that U.S. aid to Israel has actually created 40,000 jobs here due to purchases by Israel with that money.

The raffle was won by MIKE HARR and guest Dr. Martell.

LAST WEEK

In recognition of Rotary Foundation, which was started in 1916 by R.I. President Klump, PRES. HANS gave a description of the Foundation stressing the fact that 105% of the 22 million collected last year went directly to scholarships.

RUSS SCHULZE gave a short and direct invocation but HANS asked the Rev. Noble Streeter from Redding to add to it. COLBY LaPLACE had a host of District 516 Notables to introduce, namely: District Governor

Adrian Mendes, DGN Jack Pugh, Noble Streeter of the Group Study Exchange and Ian Hamilton of the Youth Exchange Service.

Recognition Administrator RUDY LOEBLEIN added to the charity fund coffers with offerings for anniversaries from GEORGE WACKER, TROY GROVE and DON MILLER and birthdays being celebrated by DON LAU and KENT MURRAY. With English being a second language around here, STAN GRYDYK put up \$50.00 to speak in Polish on his birthday. REN PARTRIDGE became a grandfather on his birthday last month so this coincidence was worth \$100.00 to him. JOHN STEWART started a Paul Harris Sustaining Fellowship in honor of Reagan's victory and was given some help by DICK NELSON to the tune of \$50.00. RUDY collected \$1.00 from every member not wearing a pin.

District Governor Adrian Mendes gave special recognition to past, present and future District Governors as well as Noble Streeter of G.S.E. and Ian Hamilton of Y.E.S. A special sapphire pin was presented to Past District Governor DORR ETZLER for his second Paul Harris Fellowship. It was worth \$50.00 to BOB BOYD to be named to the Richmond-Shimada Friendship Commission and MARK WILSON wanted to be recognized for winning some sort of alteration work at the Boys Club Auction. At this same auction, MERV DAVIS handled the raffle where his wife, Virginia, won a \$2500.00 trip.

PRES. HANS came up with the following words of wisdom: "A year's study in a foreign country is an experience, which Rotary scholars like our guests will never forget. There is a point to experience, which not often thought about and which Mark Train expressed like this: 'We should be careful to get out of an experience only the wisdom that is in it - and stop

there; lest we be like the cat that sits down on a hot stove lid. She will never sit down on a hot stove lid again - and that is well; but also she will never sit down on a cold one anymore."

Chairman of the Day TOM BUTT introduced the first of two Foundation Scholars, Albert Jeung from Hong Kong. Albert covered his past education and present field of study at U.C. which involves the behavior and interaction of rocks and soils. In an interesting sidelight on the culture of Hong Kong Albert told us of how all the small buildings there are situated in a certain pattern taking into consideration wind, water and evil spirits.

Valerie Derlich is from Bordeaux, France, a city the size of San Francisco surrounded by vineyards and noted for its fine red wines. Valerie commented on the different system of education in France and some of the strange people she has met here. Near Bordeaux are the Lascaux Caves where ancient people dwelt.

In a meeting already filled with numerous presentations, notable guests and bizarre announcements, Noble Streeter presented Jack Pugh and WERNER SCHWARZ each with a can of bathroom freshener called "After You've Gone". He first spotted it in the men's room of a mortuary.

DAVE NINOMIYA bid \$100.00 for two Big Game tickets donated by DAN YEE who is

convalescing after recent surgery.

GIVE THE GIFT OF LIFE - GIVE BLOOD

Richmond Rotarian DAN TANITA is heading the Community Services Committee's joint Holiday Blood Drive which will involve the six Rotary clubs in West Contra Costa.

The four hospitals in our area, Brookside, Doctors, East Bay and Kaiser, have come together the last week in November to sponsor the drive to assure an adequate supply of blood through the upcoming holidays.

On Friday, November 16, DAN will explain to us how Rotary can help and how the club that generates the most donors can get two cases of free champagne for its Christmas party.

This is a major Richmond Rotary Club community service program and it appears to be the first collective blood program in the nation involving all Rotary Clubs and hospitals in a given region. Let's give DAN our total support and also recruit friends, relatives and neighbors to give.

BOARD MEETING - A meeting of the Board of Directors will be held on Thursday morning, November 15, 1984 at Lucky Lanes, 7:30 A.M. All officers and directors are urged to attend and members are invited.

THOUGHT FOR THE WEEK

If we all profited by our mistakes, the I.R.S. would have a field day.

PROGRAM FOR FRIDAY, NOVEMBER 9, 1984

ROTARY FOUNDATION WEEK

This Friday we will hear from two Rotary Foundation graduate students who are studying at the University of California in Berkeley.

Valerie Derlich was born in Bordeaux, France and travelled outside France, essentially in French speaking areas, before going to the University of Bordeaux where she graduated with a degree in Physics and Chemistry. She is now studying at the University of California, Berkeley in the Chemistry Department and working with Dr. Alexander Pines in his Nuclear Magnetic Resonance laboratory.

Albert Tak-Chung YEUNG graduated from the University of Hong Kong with a first class honors degree in Civil Engineering. Having joined Binnie & Partners International Consulting Engineers for two years and being involved in a number of geotechnical and water supplies projects, he was awarded a Rotary Foundation Scholarship to pursue his graduate study in the field of Geotechnical Engineering at the University of California, Berkeley.

Chairman of the Day: TOM BUTT

LAST WEEK

PRES. HANS began the meeting with the following inspirational message: "Next week is the 46th anniversary of the murderous "Chrystal Night" in Germany, the beginning

of the infamous holocaust. It is also the time for our national elections, the time to select our national leaders for the next 4 years.

"In memory of the millions of victims of wars and persecution and in view of "Armistice or Veteran's Day" this Sunday, November 11 and the coming elections, we remember to ask God to bless our work but not to request Him to do it for us."

DON HARDISON introduced visiting Rotarians and it was good to see former member Kent Calfee from Woodland. Sunshine Chairman DAVE KUCHENTHAL reported that CHARLES CASS is still recuperating after recent surgery.

Recognition administrator RUDY LOEBLEIN collected \$50.00 from TED SMITH for his 17th anniversary and \$50.00 from yours truly for an anniversary and a change of business address. CHARLIE WONG added \$200.00 to wife Jean's Paul Harris Sustaining Fellowship so he too could sleep with a fellow and Secretary CARL was very generous for a birthday of untold years. DON HARDISON was recognized for receiving the Distinguished Service Award from the American Institute of Architects. CHUCK WRIGHT was fined for littering the premises with Water District Campaign literature.

PRES. HANS gave us the following quotation to think about: "The supreme end of education is expert discernment in all things - the power to tell the good from the bad, the genuine from the counterfeit, and to prefer the good and the genuine to the bad and the counterfeit." - Samuel Johnson (1709-1784)

Chairman of the Day LOU MURILLO introduced the young and attractive president of Contra Costa College, Dr. Candy Rose. Dr. Rose, in discussing the role of Community

Colleges, began by describing the poor literacy of millions of Americans because of inadequate learning. All members of the community are now given the opportunity to improve their general effectiveness but too many simply don't take advantage of it. With major universities now so difficult to get into it is recommended that all high school graduates first attend a Community College.

At the close of her talk, Dr. Rose answered many questions about the programs available at Contra Costa College.

The raffle was won by KEVIN DOLAN and COLBY LaPLACE and BOB WAEGNER gets free lunches for a month.

The club Service Committee will have a luncheon meeting on Tuesday, November 13, at the Hickory Post Restaurant in San Pablo at Noon. PROGRAM FOR FRIDAY, NOVEMBER 2, 1984

Our speaker this week will be Dr. Candy Rose and her subject will be "Education in the 80's: The Star Wars Syndrome".

Dr. Rose is currently President of Contra Costa College and from 1981-84 she was President of Mission College. She also serves as Acting Executive Director, Industry Education Council of Santa Clara County (voluntary) and as Director, Center for Computer Applications and Training, Mission College.

She also takes occasional assignments teaching Introduction to Computing and Speech Communication courses as well as numerous consulting assignments for private and public sector organizations in communication skills training and leadership.

Among her many honors her most current was a Resolution of Commendation for service to the community by the City of Santa Clara, June 1984, proclaiming "Dr. Candy Rose Day" and one from the Board of Supervisors for service to Santa Clara County.

Chairman of the Day: LOUIS MURILLO

LAST WEEK

On this special day of welcome for the District Governor, MARKKU PELANNE gave the inspirational message and the lovely and talented Ruby Shields sang "America the Beautiful". In addition to many Rotary Anns there were several dignitaries from El Cerrito present to hear D.G. Adrian Mendes. HANK COVELL read a letter written by a

Vietnamese student expressing his love for America and the appreciation he feels for the freedoms he found here.

PRES. HANS introduced Adrian with the biography of a successful man who has brought Rotary International to the club level. Adrian gave his respects to past District Governors CARL REHFUSS and DORR ETZLER and to Group Coordinator WERNER SCHWARZ. Describing the dedication of Rotary International President Carlos Canseco of Mexico, Adrian covered the structure on history of Rotary International and the significance of this year's theme, "Discover a New World of Service". Rotary Foundation received 22 million dollars last year and because of the donations from District 516, we can now send 6 scholars to study in foreign countries.

In a special presentation by Adrian, Lore Shaper was made a Paul Harris Fellow. Adrian quipped that now HANS could go to bed with a fellow. In other presentations, WERNER received a special plaque for a planned bequest to Rotary Foundation and JOHN NICOL accepted a certificate for his and FRANK CORTESE's Baseball Night. A plug was thrown in for the District Conference to be held in Red Bluff, May 2-5, 1985.

At the end of the meeting Adrian and Joan were presented with gifts and many of the Rotary Anns won baskets of flowers in the raffle.

RENO TRIP

Chairman JOHN NICOL advises that this Friday will be the last chance to reserve a spot on the train for the annual Inter-City Meeting in Reno. The train will leave Richmond at 7:15 AM on Sunday, January 13, 1985 and leave Martinez at 7:40 AM.

PROGRAM FOR FRIDAY, SEPTEMBER 28, 1984

This past Summer the Richmond-Shimada Friendship Commission, with the joint sponsorship of Richmond Rotary, conducted the biggest "Summer Ambassadorship" program in its 20-year history.

The DeAnza High School Gymnastic Team, Northern California champions for the past three years, sent two coaches, seven gymnasts, and one liaison member of the Richmond-Shimada Commission, to its Sister City of Shimada, Japan, for 3½ weeks. While there the gymnasts gave exhibitions to enthusiastic audiences at local elementary, junior high and high schools. They lived with families in Shimada and the surrounding communities.

This Friday they will share their reflections and experiences with Richmond Rotarians.

Chairman of the Day: HENRY COVELL

LAST WEEK

WIN BOWMAN got things started with the invocation and KEN BERNDT introduced visiting Rotarians. Guests included City Councilman John Zeisenhenne on hand to hear Assemblyman Bob Campbell. All those attending Rotary Baseball Night next Friday were reminded that \$6.00 is needed for the Pinole sponsored tailgate party preceding the game. We were also reminded that District Governor Adrian Mendes will visit our regular meeting on Friday, October 26th

and at 11:00 A.M. we will have a wine and cheese reception for him and his Rotary Ann, Joan. Letters from committee Chairmen are needed immediately.

PRES. HANS hit us with a couple of thought provoking quotations for this election season: "Political ability is the ability to foretell what is going to happen tomorrow, next week, next month and next year. And to have the ability afterwards to explain why it did not happen."

Winston Churchill

"The difference between a politician and a statesman is: A politician thinks of the next election and a statesman thinks of the next generation."

James Freeman Clarke

Finemaster Dangerous DAN TANIKAI caught up on anniversaries by recognizing BOB MELCOME for only one year of wedded bliss, CHUCK EVANS 22 for 22, BILL SHIELDS 29 for 29, RAY McCOY for a few and DAVE GRAY for a heck of a lot. Birthdays were celebrated by DAVE KUCHENTHAL at 32 for 32, WALT WALLACE at 50 for 48 and FRANK DAVIS 50 for 46. In a class all his own OSCAR LUGO was fined only \$8.70 for coming up with an 8 lb. 7 oz. baby girl.

AL SILVA was born in Oakland and grew up in the little town of Decoto which is now part of Fremont. After St. Mary's College, AL became a Bombardier in the Army Air Force completing 35 missions over Europe. In 1945, he started out as a line-man for Pacific Telephone rising to manager of the Hayward office in a few short years. He became manager of the Richmond office in

the 60's and joined the Kiwanis Club where he became president in 1969. AL was appointed to the Richmond City Council by the Mayor a number of years ago and has been re-elected three times. AL is now retired from Pacific Telephone and consulting in telecommunications.

Chairman of the Day, GEORGE WACKER, introduced our speaker, Assemblyman Bob Campbell. Mr. Campbell began by describing Assemblymen as regular businessmen and professionals who are expected to be experts on everything. He feels that California has a unique set of problems because of its size with many of these problems being in the minority and poverty sectors. With so many local governments in trouble from the aftermath of Prop. 13, Bob thinks that Prop 36 will only make things worse. He is reluctantly for a state lottery, but wants more of the take to go to education and both Reapportionment and campaign contributions need reform. Bob defended certain forms of welfare as being necessary for Senior Citizens and the handicapped.

The raffle was won by BOB BROWN and HANK COVELL.

PROGRAM FOR FRIDAY, OCTOBER 19, 1984

WHO AM I?

This Friday will see some of our better new members tell us something about who they are what they do and why they are here.

Chairman of the Day: BOB BOYD

LAST WEEK

After the pledge to the flag, MARKKU PELANNE gave us a short but adequate invocation and AL SILVA welcomed visiting Rotarians and guests. It was announced that the Benicia Rotary Club now meets at the Commandant's Residence and RALPH HILL told us about Rotary's 80th birthday celebration planned for February 23 at the Concord Hilton Hotel. We were also reminded of the upcoming visit of District Governor Adrian Mendes on October 26 (see separate announcement).

"Recognition Administrator" SHERMAN TEALS started a little wagering going on the World Series with the proceeds from the losers

going to our charity account but we don't know how many picked the wrong team. AL PITTMAN celebrated 16 years of wedded bliss and DICK PONDER, admitting to only 39 years of age, offered \$25.00 for his birthday. JOHN SHERIDAN had already negotiated with PRES. HANS for his donation and Past President DAVE CALFEE came up with \$2.00 a pound for a 7½ lb. granddaughter. DAN YEE was happy with the results of wife Bonnie's recent operation so he volunteered \$10.00 for her and another \$10.00 to go towards purchase of a new flag for our club. RALPH HILL had to pay for knowing only two of the three names for the island where Columbus landed.

"WHO AM I?" - BOB BROWN, personnel manager of Kaiser Permanente Hospital, was born in Berkeley and later moved to Richmond where he attended Stege Grammar School. After returning to Berkeley for high school, BOB later attended Cal State Hayward receiving a B.A. in Public Administration. He is single and lives in Richmond.

PRES. HANS gave us the following quotation to think about: "The realization that our small planet is only ONE of many worlds gives mankind the perspective it needs to realize sooner that our own world belongs to all of its creatures, that the moon landing marks the end of our childhood as a race and the beginning of a newer and better civilization.

"It is not easy to see how the more extreme forms of nationalism can long survive when men have seen the Earth in its true perspective --- as a single small globe against the stars." Arthur C. Clarke

duced Dwight Simpson, Professor of International Relations at San Francisco State University, former President of Robert College in Istanbul and Professor at American University in Beirut. Having spent many years in the Middle East, Mr. Simpson was able to give us a good picture of why there are problems there. Fourteen religious groups have tried to share power in Lebanon for the past 100 years and the present civil war is a result of a breakdown of a compromise between these factions. When Jordan expelled the Palestinians, they went to Lebanon and took over much of it coming into conflict with the Christians and provoking the Israelis.

U.S. policy has not come to grips with the complex problems there because it is based solely on fighting communism. Professor Simpson feels that not enough of our statesmen are informed and it is time to reconsider and take a new look.

LAST WEEK

The invocation was given by JOHN STEWART with REN PARTRIDGE introducing visiting Rotarians and guests. CHUCK WRIGHT reminded us that this Sunday was the Bike-A-Thon in which he was going to ride 25 miles to help raise funds for the Cancer Society. Our club has already donated a bicycle and CHUCK sent around sign-up sheets for individual pledges. The late Irwin Stewart is one of the honorees.

Randy Stevenson of the El Sobrante Club was on hand to thank us for our support of the Boy Scouts with their Program Book and give special mention to DAVE CALFEE and CHUCK WRIGHT. Treasurer DAVE ALMEIDA reminded us that we are still a have-not club. In other words, 5% of our members still have not paid their July 1st dues. On the lighter side, DAN YEE presented PRES. HANS with a self back scratcher since it looks like no one else is going to scratch his back.

Finemaster Dangerous DAN TANIKA had a hard time believing that HANK COVELL really felt only 25 years old but accepted a dollar a year for his birthday. DAVE LEIBEL put up 32 for 64 and Past Pres. DAVE CALFEE came up with \$50.00 for an unknown number of years.

For a little Rotary Information session, DON MILLER referred to the Rotarian Magazine for some questions put to BOB WAEGNER, DUANE MERRILL and TERRY CLARK. They came up with close answers so no fines were levied. DON announced that next year's Rotary International Convention will be held in Kansas City in May.

PRES. HANS gave us a couple of quotations to live by: "Experience is not what happens to a man; it is what man does with what happens to him." - Aldous Huxley and "Millions say the apple fell but Newton was the one who asked why." - Bernard M. Baruch.

Chairman of the Day HANK COVELL introduced our speaker, Greg Hedrick, coach and team leader for the DeAnza High School Gymnastics team. Don Evans, principal of DeAnza High School was also introduced. Describing the team's trip to Shimada, Japan as a joint effort by our community, Greg told of their four weeks there putting on exhibitions at schools and staying with individual families. Each team member got up and gave his impression of their stay. They were impressed with how the Japanese students keep their schools so clean but generally the equipment is old. They were treated like stars and everyone was friendly especially the girls.

At the close PRES. HANS was presented with a flag of Japan and HANK a framed picture of Mt. Fujiyama.

The raffle was won by BOB BROWN and guest John Mejia and BILL WAHBEH will be getting free lunches for a month.

PRES. HANS finished off the meeting with the following quotation: "There is only one thing more painful than learning from experience, and that is not learning from experience."

ROTARY AT THE A'S

About nine hundred Rotarians and guests from District 516 were on hand Friday night to see the Kansas City Royals clinch the American League West title with a 6 to 5 win over the A's. District Governor Adrian Mendes threw the first pitch and before the game we all enjoyed a tailgate party put on by Pinole Rotary.

PROGRAM FOR FRIDAY, SEPTEMBER 14, 1984

Our speaker this week will be Thomas L. Hayes, Ph.D., Lawrence Berkeley Laboratory, and his topic will be "Cancer Research Using Heavy Ions".

Heavy Ions are a special form of radiation that is available for research at the U.C. Lawrence Berkeley Laboratory. Initial results from basic biomedical studies and clinical trials using these accelerated particles have shown considerable promise for their use in treating tumors that lie near sensitive structures within the body. The study and application of the heavy ion radiation in medicine is a continuation of the interdisciplinary research that has taken place at the Donner Laboratory at Berkeley since its founding by Dr. John Lawrence. This laboratory has been called the cradle of nuclear medicine and has been instrumental in the development of many medical scanning devices now found in most major hospitals.

Dr. Thomas Hayes is a biophysicist at the Donner Laboratory and Deputy Division Head of the Biology and Medicine Division of the Lawrence Berkeley Laboratory. He holds a bachelor degree in Physics from the University of California at Berkeley and his Ph.D. in Biophysics is from the same institution.
